2. Bowlers may bowl in the five-man event any number of times. The same five players can bowl together twice, but cash only once.
3. Highest USBC averages of the 2008-2009 season to be used, with 21 games or more. If a person does not have an average published in a yearbook, they must use their highest average as of December 31, 2009. If a person does not have 21 games at either date, they must enter at 220, unless they can furnish verification of their average with 21 games or more at time of bowling in tournament. Doubles and singles leagues are not included in determining the highest average except in the case where a bowler has only bowled in singles and doubles leagues. Summer league averages are acceptable only if a bowler does not have a 2008-2009 yearbook average or eligible current season average.
4. **The 10 pin improvement rule (319a-2) is in effect.**
5. Rule (319d) is not in effect. Prize winnings do not have to be reported. See USBC Rule 319e for rerating requirements.
6. Prize list is determined on a handicap basis of 100% from 1100. **No team may enter with an average over 1100.**
7. Any individual submitting 10 or more paid teams shall receive a \$4.00 per team cash award. (Those teams do not have to come from the same league).

10. **NOTE:** It shall be the bowler's responsibility to verify the accuracy of their average and their eligibility. Failure to use the proper average shall disqualify score if submitted average is lower than actual average thereby resulting in more handicap. Prize winnings shall be based on the submitted average if it is higher than the actual average. The averages shall be combined to determine whether the correct total is higher or lower than the submitted total. Corrections can be made up to the completion of the first game of a series or within 48 hours after completion of a series, if the tournament manager, prior to the completion of the first game of the series has given written consent to the bowler authorizing such extension of time to correct their average.
